We have two children, Marissa and Maya. Marissa is working on her Ph.D. in pediatric clinical psychology. Maya is a junior at Vanderbilt University studying neuroscience. Vicki and I have lived in Arlington since 1990. I am an attorney, specializing in intellectual property law (patents, trademarks, copyrights, etc.)

I was born in Muskogee, OK and moved to Arlington in 1966. We joined FPCA when we moved here. I was active in the youth group and sang in the youth choir. My husband and I met in 1989 at work (LTV) and were married by Warren Neal at West Fork Presbyterian Church in November of 1990. We have two daughters, Marissa is the oldest. She is a fourth year clinical pediatric psychology Ph.D. student at Oklahoma State. She is getting married in May. Our youngest daughter, Maya, is a junior at Vanderbilt University. She is studying neuroscience and medicine, health, and society. Both girls were baptized Presbyterian. Marissa was baptized at West Fork and Maya was baptized here at FPCA. Both girls attended First Presbyterian Preschool.

Hellen Lawrence

After my journey from Florida to Texas several months back, I've been looking for a place of worship when I found First Presbyterian Church. The warm welcome and the undiluted Word of God, gave my heart a rest of mind. I was born into a Christian home and I am an educator by profession, with 20 years experience.

I desire to serve in God's vineyard as inspirational person and spend most of my time with the gathering of the people of God.

Bob Thomas

I was born and raised in Ft. Worth. I graduated from UNT (then NTSU) and began my career in the computer/IT field right out of college. I've been working at BNSF Railway in Fort Worth for 26 years in different roles in the Technology Services area.

Marla and I have been Arlington residents for 30+ years. My primary interests are my salvation and my family (detailed in Marla's bio). I have a lot of rotating/secondary interests, including finding new and exciting places to eat (dives are my favorite), technology (525+ day Snapchat streak with my daughter), analytics, and following local sports teams.

Marla Thomas
